

# Search & Registration Services

A balance of People, Technology & Customer Service

## Who We Are

**Centro Legal Works Inc. | SearchWorks** is a full service search firm offering a complete range of corporate and litigation support services catered to the legal and business community.

We maintain our competitive rates and exceptional processing times by utilizing the latest technology, using a combination of public domain sources & government agents and forming strategic business relationships across Canada.

We differentiate ourselves from other providers by learning and listening to our clients needs and requirements. We then devise custom solutions that address those needs, whether it be a full-service outsourced solution or one that *fills in the gaps* between electronic and manual procedures.

## Centro's BACK-UP Services

Defend your firm against downtime. Don't let staff absences or technology problems slow down your operation.

Centro Legal Works has the knowledgeable staff and the latest online technology to cover your peak periods. We can seamlessly integrate with any firm to maintain the flow of search and registration requests.

Call today to set up a **custom back-up solution** for just dollars a search!

## Our GREEN Commitment

We have made changes to our procedures and technology to do our part in reducing energy consumption to help protect the environment.

If we all do our part we can make this world a cleaner safer place for generations to come.
